GREAT OYSTER BAY Community News

2 JUNE 2020 ISSUE 22 YEAR 18

Council Focusses on Core Activities

The Glamorgan Spring Bay Council will focus on vital infrastructure, providing essential core services and responding to the findings of a recent independent report as part of its long-term strategic planning.

Council yesterday agreed on a 10-year strategic plan that will take the municipality forward. The plan includes priorities to meet the challenges of the current year.

In March Council committed to a rates freeze for the 2020-21 year as a result of the Covid-19 virus.

Council is implementing measures to ensure the Council operates within its budget.

The first is to divest itself of the Council's three Visitor Information Centres in Bicheno, Triabunna and Swansea by 31 October 2020. The centres are currently closed as a result of the Covid-19 virus. Council will now work with key stakeholders and Centre staff to work out a transition plan.

Mayor Debbie Wisby said Council had looked at a range of options for the centres and decided divestment was the preferred option, as it would save Council around $360,000 annually, which could then be redirected to core services.

"We are determined to lift our game as a Council in terms of financial management, asset management and ensuring that we provide the essential services expected by our ratepayers, residents and the Tasmanian Government," Mayor Wisby said.

"This means making some hard decisions."

"The information centres and the people who work there have provided valuable service over the years. However, with more and more visitors moving to online information and booking services, Council believes it is no longer a strategic use of its limited funds."

"Working collaboratively is critical to ensure the needs of the tourism operators and the industry is understood and transition planning is addressing these needs. We have organised a meeting with East Coast Tourism Tasmania and the Department of State Growth in the next fortnight to ensure we can work in partnership in the coming weeks to provide the outcomes needed."

"Council will also be investigating ways to better promote all businesses in the region."

Mayor Wisby said Council's decision would impact on 10 staff. Council will work with staff and their Union on possible options, including internal job opportunities.

The East Coast Heritage Museum attached to the Swansea Centre is not impacted by this decision and will reopen once Covid-19-related restrictions are lifted.

Council is continuing to review all its operations to identify activities that are not essential to ensure it has the financial capacity to fulfil its statutory obligations. Further announcements are expected to be made as part of the release of the Council's 2020-21 Budget next month.

Mayor Wisby said Council was well on its way to full compliance with its statutory obligations. Council recently endorsed its Statement of Expectations and a commitment to continual improvement. This followed an independent review proposed by Government of Council operations, policies and procedures and conducted by consultants Lynn Mason and Greg Preece earlier this year.

The final 10-year Strategic Plan (2020-29) is available on the council's website www.gsbc.tas.gov.au.

The Plan was developed following input from the community who participated in workshops hosted by the Council at Bicheno, Swansea, Orford, and Coles Bay in October 2019, with a draft available for comment and feedback in April 2020.

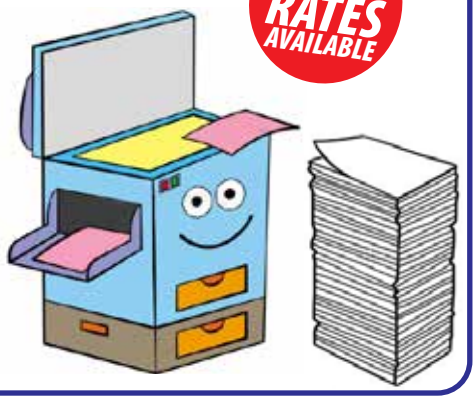
BULK RATES AVAILABLE



Dear Editor

I would like to thank Mayor Wisby and her team for the efforts they have been making to reduce the debt burden on Glamorgan Spring Bay ratepayers, left to us by the actions of the previous council under the late Michael Kent.
There will always be differing view points within a community but debt burden is one we all share and the sooner it is dealt with the better for all. One cannot keep borrowing on the strength of what may be. One has to start with what is.

Regards Janet Beswick

Tasmanian Government

Guy Barnett, Liberal Member for Lyons

Funding regional Chambers of Commerce

The Tasmanian Government is pleased to provide a financial support package of $100,000 for regional Chambers of Commerce.

I would like to congratulate the Orford Triabunna Chamber of Commerce on securing a grant which will enable them to provide vital support to the local community.

The profound social and economic impact of COVID-19 has been particularly difficult for our small businesses in rural and regional Tasmania.

We know that now, more than ever, Tasmanian businesses will rely even more heavily on the vital support infrastructure and advice that is provided by the Chambers.

This funding will enable engagement between Chambers and Government to support businesses as they move to re-open in accordance with the Government's Roadmap to Recovery in the coming weeks and months.

PROTECTING YOURSELF AND OTHERS FROM CORONAVIRUS

COVID-19 INFO

COVID–19 Testing

Who should get tested?

If you have any cold or flu symptoms, you should be tested for COVID-19.

This includes fever, runny nose, cough, or a sore/itchy throat.

How do I get tested?

Call your GP or the Public Health Hotline **1800 671 738**

Mobile testing units are visiting locations around the State.

GLAMORGAN SPRING BAY COUNCIL

Message from your Council

Key issues:

- Council's 10-year Strategic Plan – mapping out a future path for Glamorgan Spring Bay with a focus on delivering core services to ratepayers and residents.
- Core services include the maintenance and development of local roads, pavements and other vital infrastructure, stormwater and waste management, as well as continuing to support and advocate for adequate healthcare professionals and providers.
- Commitment to improved management of Council finances and assets for the long-term benefit of the region.
- Limited funds available so some hard decisions have to be made to meet our statutory obligations.

10-year Strategic Plan

Council endorsed its 10-year Strategic Plan 2020-2029 at a meeting on 26 May 2020.

The Plan was developed following input from the community who participated in workshops advertised and hosted by the Council at Bicheno, Coles Bay, Swansea and Orford in October 2019.

A draft plan was available for comment and feedback in April 2020 with responses assisting Council in the preparation of the final document.

The Plan outlines the Council's primary functions and activities, its guiding principles and the key foundations underpinning future success. It also includes critical priorities for the coming year.

The Plan aligns with the independent review of Council's operations, policies and procedures requested by the Minister for Local Government and completed by consultants Lynn Mason and Greg Preece earlier this year.

The plan is available on Council's website www.gsbc.tas.gov.au.

Message to Community

The Glamorgan Spring Bay Council, like many businesses and organisations across Tasmania, is dealing with a range of challenges right now.

The COVID-19 virus is having an impact across the World. For our Council it means reduced revenue, a one-year general rate freeze and working for a community that is doing it extremely tough.

Council also has to address its current financial position and plan for the future while resolving outstanding issues and responding to the findings of the independent review.

The good news is that we are well on our way to full compliance with our statutory obligations. However, we have some difficult decisions to make as we look to finalise our budget for 2020-21.

The first was announced last week. Council will divest itself of its three Visitor Information Centres in Bicheno, Triabunna and Swansea by 31 October 2020. The Centres are currently closed as a result of the COVID-19 virus. The decision will save Council around $360,000 annually.

Understandably, this decision has caused concern within the tourism industry in particular. However, as a council with limited funds we cannot keep doing everything we have been doing and must focus on delivering core services to ratepayers and residents.

Council recognises the impact of the decision on the local tourism industry, as well as the dedicated Centre staff. This is why there will be a five-month transition period for Council to work with staff and key stakeholders to understand the industry's needs and expectations.

We will meet with East Coast Tourism Tasmania and the Department of State Growth in the next week to work on a partnership that will engage with local operators and chart a way forward to ensure their businesses and the region in general are marketed to visitors.

Council will also be investigating ways to better promote all businesses in the region as part of a wider marketing push.

In the coming weeks there will be further announcements from Council as we continue to focus on meeting the expectations of our ratepayers and residents, ensuring our limited resources have the greatest possible positive impact across the municipality and building our financial capacity to fulfil our statutory obligations.

Council will ensure these updates are communicated across the region. For further information on these and all matters related to Council, go the website www.gsbc.tas.gov.au.

VC campaign continues for WWII hero

Teddy Sheean deserves Victoria Cross says Brian Mitchell MP in speech to federal parliament

BRIAN MITCHELL MP — THURSDAY 14 MAY 2020

Tasmanians learned yesterday with great shock that the Government had decided not to posthumously award Teddy Sheean a Victoria Cross.

What made yesterday's announcement grievous for Tasmanians was that a tribunal had recommended to the Government that the posthumous award be awarded. The Government has, for its own reasons, decided not to grant this award.

Tasmanians are united on this. This cuts across all political divides—Labor, Liberal and independent. Tasmanians are united: Teddy Sheean deserves this award.

His story is well known. I am sure most here will be familiar with it—18 years old, lying down on the deck of the HMAS Armidale, shooting at Japanese planes whilst they're strafing his colleagues in the water. He is credited with saving 49 lives and he got a mention in despatches.

• Teddy Sheean was 18 when he died saving 49 Aussie sailors.

There has been a 30-year campaign for him to get a VC. It has gone through a number of different processes. The campaign has failed at every turn.

New hearings were held in Hobart and, in July last year, the Defence Honours and Awards Appeals Tribunal recommended to the Government that the posthumous Victoria Cross be awarded. So it is with great disappointment, anger and outrage that we learn that the Government has decided not to award it. All I can say is: please reconsider.

This award is well deserved by any contemporary standards or even standards of the day. I can't imagine why at the time it was decided that he was not deserving of this award, but Teddy Sheean is deserving of this award.

I really do hope that the Government reconsiders its decision and awards it.

GREAT NEWS!

MY OFFICE AT 28 GREENPOINT RD BRIDGEWATER RE-OPENS MONDAY 25 MAY 2020. WHILE RESTRICTIONS REMAIN IN PLACE I AM CONTINUING TO LIMIT MY TRAVEL TO ESSENTIAL PURPOSES BUT I LOOK FORWARD TO VISITING THE EAST COAST AS SOON AS POSSIBLE.
