GRANTS TO IMPROVE SEA FISHING FACILITIES IN TASMANIA

The Tasmanian Liberal Government is encouraging fishing clubs, community groups and councils on the East Coast to apply for grants to upgrade facilities and amenities for the more than 100,000 Tasmanians going recreational fishing each year.

“Tasmania is home to some of the highest rates of fishing participation in the world, so it is not surprising recreational sea fishers make a significant contribution to the Tasmania’s economy, estimated at \$160 million a year,” Primary Industries Minister Guy Barnett said.

“Making it easier for people to go fishing is an important focus of the Government’s 10-year Recreational Sea Fishing Strategy. The Government wants to see greater participation in our fisheries and waterways, especially by women and young people and people of all abilities.

“This goal is being delivered through the \$2 million Better Fishing Grants Program, funding new and upgraded facilities and amenities for recreational sea fishers,” Minister Barnett said.

The second round of the Better Fishing Grants will be open for applications over the next 12 months from 9

March 2022 to give applicants sufficient time to develop project ideas and prepare submissions.

The Department of Natural Resources and Environment Tasmania has been undertaking an audit of marine and shore-based recreational fishing infrastructure across Tasmania and has identified a range of potential infrastructure upgrades.

Around 100 sites have been audited and more than 250 fishers and other recreational fishing stakeholders have provided their views on infrastructure needs that will be a key consideration in selecting projects for funding.

The aim is to seek proposals to provide, upgrade or retrofit facilities that enhance recreational marine fishing access, or the quality of the fishing experience.

Submissions for both large projects (up to \$150,000) and small projects (up to \$15,000) are available and might include installing or upgrading:

- pontoons, jetties or other structures for recreational fishing;
- fish cleaning tables, bins, tables, shelters and lighting;
- toilets near fishing facilities;
- paths, steps, walkways or other access routes to fishing locations; and
- other facilities directly associated with recreational shore-based fishing.

Councils, land managers and incorporated not-for-profit organisations (including community groups and fishing clubs) can apply with the goal of improving fishing infrastructure, providing better physical access and helping to increase fisher satisfaction and well-being.

For more information, including how and when to apply, go to: www.fishing.tas.gov.au/better-fishing-grants

CHANGES TO FACE MASK REQUIREMENTS

From 5:00 pm Friday 11 March, masks will not be mandatory in many settings – including hospitality and tourism premises; workplaces; personal care; sport and recreation, retail and service sectors.

Masks are no longer required at indoor or outdoor events, regardless of the number of people attending, unless specified by Public Health when approving an event under the **COVID-19 Safe Events and Activities in Tasmania Framework**.

Businesses and organisations may require staff and/or patrons and visitors to wear masks as part of their **COVID-19 Safety Plans**.

People may also continue to wear a face mask when it is not mandatory. The voluntary wearing of face masks offers protection against transmission even when not mandated. This is because masks reduce the possibility of coming into contact with airborne infectious droplets.

You are encouraged to wear a mask as extra protection if you are in a setting where you cannot physically distance, work in a public-facing role, or you are vulnerable to COVID-19. Read more about **choosing to wear a face mask**.

For more information visit the coronavirus website www.coronavirus.tas.gov.au and refer to this **guide**.

LOCAL GOVERNMENT WELCOMES RESOURCE RECOVERY

The Local Government Association of Tasmania (LGAT) welcomes the Waste and Resource Recovery and Container Refund Scheme bills, both passing Parliament late yesterday, (10th March).

LGAT President Mayor Christina Holmdahl said the local government sector has been leading the call for a state-wide levy and also the introduction of a Container Refund Scheme.

“As a sector, we have been calling for action on waste and recycling for many years and we are pleased the State Government has hit the right note with its commitment to diverting all funds collected from the levy to waste and resource recovery activities,” Mayor Holmdahl said.

“This approach will ensure resources are applied to supporting industry, councils and the community in developing markets for recycled products and improving resource recovery,” she said.

LGAT also commends the State Government on choosing a split-governance model for Tasmania’s Container Refund Scheme, which separates responsibility for running the scheme from operating the container collection network.

“By separating running the scheme from the network, the State Government can guarantee consumer convenience and therefore high rates of container return.

“The more containers returned means a lower cost scheme for the community and better environmental outcomes,” Mayor Holmdahl said.

These policies are a win for the environment, a win for the economy and a win for our community.

“We look forward to continuing to work with the State Government on improving waste management and seeing the benefits for all Tasmanians and our local environment,” she said.

INTEGRITY COMMISSION NEEDS TEETH

The Gutwein government won't get away without being reminded there is a big void where their integrity should be.

Their failure to progress recommendations from an independent review of the Tasmanian Integrity Commission, conducted six years ago by the Honourable William Cox AC, highlights the government's aversion to prioritise integrity in government.

The Australia Institute Report confirms that the Commission is one of the weakest in the nation, it reinforces the need for better funding and the implementation of recommended improvements to uphold integrity in public office.

This report reveals the Commission receives the second lowest funding per capita of all integrity bodies in the country. Not only that, but the report also shows that the government has implemented just six of the 55 recommendations from the 2016 review.

The report suggests that, as a result, the Integrity Commission is completing less than 10 per cent of the number of investigations completed by other integrity bodies on the mainland.

The Commission's investigative capacity and timeliness in delivering outcomes are limited by its inability to adequately fund its operations and it is vital that the government delivers the resources it needs to uphold integrity in public office.

Peter Gutwein had the opportunity in Question Time today to guarantee adequate resourcing for the Commission and the implementation of the remaining recommendations.

Instead, he boasted about the measly six recommendations that have been adopted and gave no timeframe for when the remaining recommendations would be implemented.

Tasmanians can have no trust in a government that does not value integrity.

WHAT'S SO FUNNY?

A lawyer runs a stop sign and gets pulled over by a sheriff. He thinks he's smarter being a big shot lawyer from New York and has a better education than an sheriff from West Virginia. The sheriff asks for license and registration. The lawyer asks, "What for?" The sheriff responds, "You didn't come to a complete stop at the stop sign." The lawyer says, "I slowed down and no one was coming." "You still didn't come to a complete stop. License and registration please," say the sheriff impatiently. The lawyer says, "If you can show me the legal difference between slow down and stop, I'll give you my license and registration and you can give me the ticket. If not, you let me go and don't give me the ticket." The sheriff says, "That sounds fair, please exit your vehicle." The lawyer steps out and the sheriff takes out his nightstick and starts beating the lawyer with it. The sheriff says, "Do you want me to stop or just slow down?"

A thief stuck a pistol in a man's ribs and said, "Give me your money." The gentleman, shocked by the sudden attack, said, "You cannot do this, I'm a member of parliament!" The thief replied, "In that case, give me MY money!"
