## HOBARTIANS TO DISCOVER WHAT LIES BEHIND THE WALL

On Hill Street in West Hobart, a tall fence protects an imposing red-brick and sandstone façade.

Both hide from view a slice of history rarely seen and which raises the curiosity of people as they drive or walk by.

What is behind the wall?

The answer is the Hill Street Reservoir, built in 1862.

On Saturday, TasWater is hosting special tours at the site, offering a glimpse into what lies behind the wall and, such is the curiosity of Hobartians, every tour is fully booked.

As one of Australia's oldest reservoirs, the site has a fascinating history. The original 'reservoir' built on site in 1862 is actually a cistern, which is an underground water supply tank.

These days the cistern houses the pump station which is activated during the peak supply times during summer to provide

additional pressure in the network for houses around the hills of Hobart, utilising water from the (slightly) newer reservoir on site which was constructed in 1883.

TasWater maintains the site to ensure it is working effectively to continue to deliver safe, reliable drinking water for Hobart, just as it has for 160 years.

This Saturday's open day is part of the annual Open House Hobart weekend, with all 45-minute tours at Hill Street Reservoir booked out.

1880s meets 1980s brickwork at Hill Street reservoir

Those attending have been reminded that, while the site is a natural place of curiosity

and imagination, it is also an industrial site. All guests have been requested to wear closed-toe sturdy shoes and reminded the site is stair-access only and not suitable for children under 10 years.

Those lucky enough to have booked a tour will learn in-depth about this fascinating industrial-style reservoir and pump station and discover more about where the city's water comes from.

Media release

### FINAL GOBC NEWSLETTER FOR 2022

With the printing of this issue, it marks 5 issues left until the end of the publishing year for the Great Oyster Bay Community News.

As usual we will finish the year with a colour issue so any advertiser or resident wishing to place adverts or other messages, such as Christmas & New Years greetings, is asked to have a think and get them in early.

Also to be considered is your future garage sale, club or group holiday closing and altered trading hours during the holiday period.

The GOBCNews plans to print its final 2022 issue no.50 on Monday 19th Dec.

**SWANSEA ONLINE ACCESS CENTRE (SOAC) WILL CLOSE FOR THE HOLIDAY PERIOD AT 3.00PM ON FRIDAY 16TH DEC AND PLANS TO REOPEN AT 10.00 AM ON MONDAY 9TH JAN 2023.**

*Rob Gaspari (secretary SOAC)*

## LETTERS TO THE EDITORIAL TEAM

### LOST - KNOWLEDGE & EXPERIENCE - WHERE HAS IT GONE ?

The key to avoiding significant road failures is **preventative maintenance**. The most important preventative maintenance for road networks is to ensure culverts and table drains are clear and functioning prior to heavy rain events.

This is a lesson that appears to have been lost in recent times as the approach today by most of the agencies responsible for management of road infrastructure, including those responsible for the State High-

ways, is to patch up the road when it gets washed away. - **Crisis Management**. Examples - St Marys Pass , Elephant Pass, The Sidling The Old Coach Road, all with significant road failures. I have no doubt there are many others.

In the past there were local "Road Patrolman" who knew every culvert on "their" section of road and they regularly travelled the roads with chainsaws to clear debris from table drains and shovels to remove debris build up from culverts to ensure the drainage systems were always fully functional whenever a significant rain events occurred. (Keeping road drainage functioning also keeps the foundations of the road dry)

This responsibility nowadays is "contracted out" and the only use a shovel seems to get is to remove roadkill so the tourists don't see them. Clearing culverts and table drains seems to be a task reserved for "a machine" hence the table drains and culverts remain blocked for weeks if not months on end until a backhoe or excavator is organised to do the job.

Until "preventative maintenance" is given the priority it deserves by all road manage-

ment agencies, the public will continue to experience the inconvenience that Crisis Management of our roads delivers.

*David Tucker*

## Refinance, renovate or just re-evaluate

With interest rates on the rise, there's never been a better time to review your home loan.

We'll look at your rate, term, repayments, and equity, giving your loan a full check-up to make sure it's still right for you and your current needs.

Enquire online at [bendigobank.com.au/healthcheck](http://bendigobank.com.au/healthcheck) or call your nearest branch on 03 6375 1681.

As of the 1st December 2022 Sky Podiatry will no longer offer podiatry services from our East Coast consultation sites of Bicheno and Swansea.

We would like to thank the East Coast community for your ongoing support over the last two years. We have immensely enjoyed the community oriented spirit of the East Coast and being able to provide its residents with convenient access to podiatry services.

We look forward to seeing you at our Launceston based Sky Podiatry Clinics in Prospect or Mowbray soon.

## ROAD & WEATHER REPORT

### ROADWORKS REPORT

FRIDAY, 11<sup>th</sup> -15<sup>th</sup> NOVEMBER 2022

#### SWANSEA UPDATED

We will be clearing logs under the Meredith River Bridge on the Tasman Highway in Swansea until Friday, 18 November 2022.

There will be a reduced speed limit and frequent lane closures during our working hours, 7:00 am - 5:00 pm.

#### ELEPHANT PASS ROAD.

##### GRAY

ONE LANE HAS BEEN CLOSED on a short section of Elephant Pass. The road remains open and temporary traffic signals are in place to guide you through the 150-metre lane closure. We are continuing to monitor the length of Elephant Pass Road and will let you know if there is any change to current road conditions. Please drive with caution and look out for the lane closure.

#### ST MARYS PASS.

##### ST MARYS

St Marys Pass remains closed to all traffic following a landslip and undermining of the road last week. We have been moni-

toring the site and there has been no further movement over last weekend.

There are several large rocks sitting in unsafe positions that will need to be removed before the road can reopen.

Elephant Pass is still open to as detour but is currently reduced to one lane for a 150-metre section under a reduced speed limit.

In the meantime, please limit travel through this area if possible, and if you are travelling from the south please consider using Lake Leake Road instead.

#### SEVEN MILE BEACH - MIDWAY POINT UPDATED

We will be linemarking the Tasman Highway **at night** between Pittwater Road, Seven Mile Beach, and McGees Bridge, Midway Point, from Friday, 11 November until Friday, 25 November 2022.

There will be a reduced speed limit and frequent lane closures during our working hours, 6:30 pm - 6:30 am.

#### SORELL

We will be linemarking the Tasman Highway between Midway Point and Giblin Drive, Sorell, from Friday, 11 November -

Friday, 18 November 2022.

There will be a reduced speed limit and frequent lane closures during our working hours, 9:30 am - 3:00 pm.

#### TASMAN HIGHWAY

##### Acton - Hobart Airport

Constructing a new Hobart Airport Interchange between the Acton Interchange and Hobart Airport roundabout until late 2022.

Reduced speed limit with frequent lane closures between 7:00 am - 6:00 pm.

Please continue to allow extra travel time and follow the directions of signs and traffic controllers.

Visit the [Transport website](#) for a detour map and more information.
