Issue 45 Year 13

**Prepare Act Survive  
Know your Bushfire Risk  
Below is the Advice Levels for Bushfires  
Provided by the Tasmania Fire Service**

**Advice –**

A bushfire has started and general information is provided to keep individuals, households and communities up-to-date with developments.

**Watch and Act –**

A bushfire is approaching and conditions are changing. Individuals, households and communities need to monitor their development and start taking action to ensure safety should the threat escalate.

**Emergency Warnings –**

Individuals, households and communities will be impacted and are in imminent danger. Action must be taken immediately.

Are you Bushfire ready?

Have you got a current bushfire survival plan?

Have you practiced your plan?

Are you going to **“Stay and Defend”** or **“Leave Early”**?

Are you prepared and resourced to actively defend your property?

Did you know this information is easily accessible on the Tasmania Fire Service website [www.fire.tas.gov.au](http://www.fire.tas.gov.au) or by contacting them on 1800 000 699 or by contacting your local fire brigade.

The heading on the TASMANIA FIRE SERVICE website “Community Bushfire Planning” provides information on

- Community Protection Plans
- Evacuation Centres
- Nearby Safer Places

Information is provided on all towns in our Municipal Area.

In particular the **“Near By Safer Places”** for Swansea are listed as the Swansea Recreation Ground and the Swansea Primary School. These will depend on the fire, or situation, at the time and will be advised on the Tasmania Fire Service Website, ABC (and other) radio stations, at community information sessions (these may be held during fires etc to advise the community of possible threats and other vital information) and via personal contact with various authorities during the situation.

Evacuation centres may not be used at every incident and will be organised by council and requested by response management authorities. We occasionally use spontaneous volunteers during emergencies; this is at the discretion of the emergency services & council and is on a needs basis.

The organising of emergency accommodation etc. is generally under the control of the relevant support agencies. We live in a world of technology unfortunately if it stops working we are at a loss. The best way to stay up to date during a bushfire or other situation is to use multiple information sources (ABC radio is the major broadcaster of emergency information, but most other radio stations now broadcast emergency information on a regular basis during such incidents). Don't just rely on the radio, check websites on your mobile device, Facebook and Twitter; keep an eye on the situation for yourself (from a safe distance) and be prepared to leave if conditions change. Keep in touch with your neighbours and other community members as they may know something that you don't.

NRM South is running a property management planning program specifically for larger commercial properties. To be held between March to June 2016 in the Southern Midlands and East Coast.

The program is ideal if you:

Manage a larger commercial enterprise and would like to develop a property plan covering nutrient budgeting, drought management, native wildlife management, weed management and soil health. A PMP will assist you in the long term, integrated planning of your property.

The program requires commitment to four half day workshops delivered by experts in each field.

For further information contact Holly Hansen on 0428 259156 or [hhansen@nrmsouth.org.au](mailto:hhansen@nrmsouth.org.au)

The closing date for applications for both courses is 5pm, 8th December 2015. A tax deductible fee will cover support to develop a property plan, property maps, a workbook, lunches, and workshops.

For more information about the program, visit [www.nrmsouth.org.au](http://www.nrmsouth.org.au)

Seniors Week 2015 was recently launched on the east coast at Milton Vineyard, Cranbrook. Parliamentary Secretary Guy Barnett officially opened the week on behalf of the Tasmanian Government. Glamorgan Spring Bay Council collaborated with COTA to celebrate the start of seniors' week with guest speakers and a mini expo of information, entertainment and local art.

Swansea Model Yacht Club at Seniors Week Launch

Approximately thirty stalls filled the Milton Wine Centre, including a pedicurist, Centrelink, Bendigo Community Bank, Swansea Garden Club, the Hearing Bus, Andrew Jones Travel, Telstra and the Independent Living Centre. Ange Boxall delighted the crowd with her

country infused folk/pop classics and Swansea Model Yachts demonstrated their skilfully controlled remote sail craft on the Milton dam until the wind became too blustery. Petanque, a form of boules, was also on display with members of the public invited to have a go.

Council BBQ At Seniors Week Launch

Glamorgan Spring Bay Council's General Manager David Metcalf volunteered to be the 'chef' at the council-run barbeque, even though he was on annual leave.

The custom made sausages and marinated lamb steaks supplied by Sir Loin in Bicheno with rolls supplied by the Barkmill in Swansea were extremely popular and only just managed to keep up with demand. The generous and friendly folk from Milton Vineyard provided the venue free of charge and went out of their way to ensure that the event ran smoothly.

Other Seniors Week activities held in Glamorgan Spring Bay municipality were all very well attended.

High teas in Swansea, Buckland and Bicheno were all fully booked. Meredith House, Brockley Estate and the Bicheno Community Health Group hosted the high teas and provided many hours of behind the scenes baking and preparation. A scrumptious assortment of tea fodder enticingly arrayed on tiered cake stands was heartily devoured.

Two theatrical events also took place at Orford Hall during Seniors Week. First was Gert & Daisy, an award winning comedy by Alwyn Lewis and then The Dame, a musical performance by Mervyn Magee who entertained the audience with songs from the forties and sixties, show tunes and jazz numbers, humorous banter and glamorous costumes.

Many people have expressed their appreciation and enjoyment of the variety of events organised. Glamorgan Spring Bay Council would like to thank COTA for choosing to launch Seniors Week 2015 on the east coast and also to thank everyone who contributed to making Seniors Week an entertaining, informative and fulfilling experience.

Reality is merely an illusion, albeit a very persistent one.  
*Albert Einstein (1879 - 1955)*

Important days don't look like anything special when they start. Invariably, the sun rises and people wake up. Coffee is swilled and eggs are swallowed. Everybody goes about the business of acting like their lives matter and then, no matter how important the events of the day end up being, the sun invariably sets. The sun rose before the soldiers stormed Omaha Beach on D-Day, and the sun set after Archduke Franz Ferdinand was killed. Sunrises and sunsets are real jerks about putting things in perspective. *Josh Lieb, "I am a Genius of Unspeakable Evil and I Want to be Your Class President, 2009"*

## Local Legend Puts a Smile on the Faces of Swansea Primary School Students

Swansea Primary School is very appreciative of the generous support of our community volunteers. Often, these people work tirelessly and don't draw attention to themselves. This describes Swansea Primary School Volunteer Arthur Pegg. Swansea staff had long talked of a cubby house for students to use during recess and lunchtime. A place for students to sit in a comfy beanbag if they needed a breather, a chance to escape the sea wind, a place for our kinder students to play shops and have tea parties, and place for some alone time if our student just wanted to chill by themselves with a book. Finally, thanks to Arthur Pegg and the assistance of Wayne Kean and a team of parent helpers this dream is now a reality. This cubby will help teach social skills and encourage learning in many areas including numeracy and literacy. Kinder students described the new cubby as "awesome" and "my favourite place to play". Swansea Primary School Students have been so proud of this new addition to the playground they have kept it clean and tidy and come up with some great ideas for furnishing it. We would like to thank Arthur for all his fantastic work and express our sincere gratitude to him for getting this project off the ground. We would also like to thank everybody else who assisted with this project. We feel incredibly blessed that Arthur took the time to help our school and know this fantastic cubby will be enjoyed by many students in the years to come. If you see this local legend around town please don't forget to shake his hand and thank him for helping make our young people so happy.
