## THE GREAT EAST COAST CLEAN UP IS ON

The Great East Coast Clean up is being organised by the Landscape Recovery Foundation with support from the East Coast Catchments Steering Committee. This committee provides community leadership, advice and strategic direction for natural resource management in Glamorgan Spring Bay.

“Clean ups are often noticed in more visible areas round parks, reserves and townships. However, consultation has highlighted the less visible but equally important issue of dumping occurring in more remote areas”, said East Coast Catchments Steering Committee Chair, Howard Colvin.

This year the committee is having a particular focus on the Lake Leake Road area and inviting people to people to register at Clean Up Australia to help clean up the quarry area in the Wye River Conservation Area on Sunday 21<sup>st</sup> May at 10 am. Register your interest at [Clean Up Australia - Great East Coast - Wye River Conservation Area \(cleanupaustriaday.org.au\)](http://CleanUpAustralia-GreatEastCoast-WyeRiverConservationArea(cleanupaustriaday.org.au))

“If you can’t be there on the day, we hope you can organise your own clean up or drop in on an event near you. We encourage everyone to help spread the word about the importance of reducing waste and using designated waste disposal facilities, so problems aren’t created for other people to clean up, Howard said.”

How can you get involved? Gather some colleagues, neighbours, family and friends and join in a clean near you, or register your own site by visiting the Great East Coast Clean up webpage <https://www.cleanupaustriaday.org.au/hub-pages/gectcu>.

## WE LEARN, WE SHARE, WE VOLUNTEER

Our volunteers never stop learning. Whether it be our regular training nights or our region based training. Recently our

SES volunteers and others from neighbouring units participated in a weekend of road crash rescue training provided by our regional trainers.

The fundamentals of vehicle construction and the methods used to gain access to entrapped patients were the main topics. With practical training consisting of basic extrication to those of a more challenging nature with the patient trapped in a vehicle on its side and the patient at the top of the vehicle.

Our Fire volunteers from the Glamorgan group of brigades participated in a chain-saw course. Volunteers honed their skills with many new methods shown.

A focus on safety was at the forefront. Huge Thankyou to all those volunteers that gave up their weekend to participate and to those that volunteer everyday.

## PLACES TO GO AND PEOPLE TO SEE

Save this date on your calendars!  
**FRIDAY 19<sup>TH</sup> MAY AT THE  
SWANSEA TOWN HALL**

Internationally acclaimed musician Luke Plumb, classically trained on piano, violin, lute and mandolin, has been regularly performing in Swansea over the last few years much to the delight of musical enthusiasts here. He has brought together some friends to create a new project called "STORY AND MYTH; RETOLD" which explores the shared narratives of European folk story and song, discovering cultural similarity and difference between traditional forms of story in Greece and the English speaking world. World renowned Chrysoula Kechagioglou, singer, and Maria Ploumi, lute and bouzouki musician, currently on tour from Greece, are highly respected in their homeland for their depth of understanding of traditional music and regional variation. Luke has brought them together with Tasmanian musicians Julia Fredersdorf, violin; Rachel Meyers, violin; Martin Penicka, cello; and Dave McNamara on accordion.

This concert will be an amazing opportunity to witness genuine virtuosity in the spirit of cultural exchange.

Supper and refreshments will be available and if you feel like dressing up with a Greek theme that would add a fun flavour. Look out for the advertisement for times and \$ in newsletter and around town.

**SIMPLE STEPS TO DEFEND YOUR DATA**

Take the simple steps to defend your data from malicious people and technology.

**SCREEN FOR SCAMS** and be alert to things that don't seem right. If you feel unsure about a message, don't send a reply, open attachments, or click on any links.

**SHIELD YOURSELF** with secure passwords and updated apps and devices. Immediately close websites your browser identifies as unsafe.

**BE READY TO REACT** in the event something goes wrong. Block the scammer, contact your bank if money is involved, and report the scam.

## DEFEND YOUR DATA – NEW CYBER-SECURITY AWARENESS CAMPAIGN LAUNCHES

**WITH CYBER-CRIME ON THE RISE, LAST WEEK THE TASMANIAN GOVERNMENT LAUNCHED THE DEFEND YOUR DATA AWARENESS CAMPAIGN.**

The campaign is aimed at encouraging all Tasmanians to defend their data as cyber threats from criminals become more frequent and more sophisticated.

Whether at home or in our workplaces, our reliance on technology is increasing, making us all potential targets for cyber-crime. Recent high profile cyberattacks have shown that even being a client (or former client) of an organisation can put us at risk.

Key to the campaign is raising awareness of how to detect a scam, what you can do to protect yourself online and knowledge of what to do if you are the victim of a scam. A new website [defendyourdata.tas.gov.au](https://defendyourdata.tas.gov.au) has been established to provide information on how to defend your data. The site contains three videos to explain how you can screen for scams, shield yourself and be ready to react if you need to.

Anyone can be vulnerable to a scam, so it is timely that everyone refreshes their knowledge of best practice data protection both at home and at work.

### SCREEN FOR SCAMS

Be wary of unexpected contact, even from someone you know.  
Be cautious of communication that de-

mands you to act quickly or provide personal information. If you feel unsure about a message, don't send a reply, open attachments, or click on any links.

### SHIELD YOURSELF

- Regularly update the apps and software on your devices.
- Never use the same password more than once. Make them unpredictable, unique, and long.
- Set-up two-factor or multi-factor authentication whenever possible.
- Immediately close any website your browser identifies as unsafe.

### BE READY TO REACT

- Block all further contact from the scammer.
- Contact your bank if money is involved and inform them of what happened.
- Report the scam.
- Seek support from family and friends to get yourself back on track.

Look out for the campaign on commercial television, radio, press and on social media. Visit [defendyourdata.tas.gov.au](https://defendyourdata.tas.gov.au) to discover more on how to defend your data.

### FOR MORE INFORMATION

If you would like more information on data security, you can access Australian Government advice from the Australian Cyber Security Centre website at [www.cyber.gov.au](https://www.cyber.gov.au).
